Welcome Residence!

Hey everyone! First of all a very warm welcome to all first years to UTSC residents and welcome back to all upper years. Scarborough Campus Residence Council (SCRC) is a student elected body at the university in charge of looking after the needs of all residents.

It is our job as the SCRC to ensure that this level of excitement is carried on throughout the year in a safe and healthy environment. SCRC will be a completely different organization this year. We aim to strive for professionalism and to provide better services for students. We also plan to organize more academics, networking, and career events for Residence. Overall, we hope that you all have a wonderful time with us on residence and we look forward to serving each and every one of you.

President - Narsingh Dixit

My name is Narsingh Dixit and I am the President of your Scarborough Campus Residence Council, better known as SCRC or the Council. I am a second year Management student pursuing a Marketing Specialist and a Psychology Major. You may not see much of me during the day, as I am currently working at Microsoft, but I will not let my absence be noticed!

SCRC is the only student body that is elected by the residence students to ascertain that you, the residence students, have a memorable experience in residence. We have events throughout the year that will be targeted towards giving you a holistic experience in residence whereby you can make strong bonds in the residence community, have the chance to network with Industry Professionals and Professors to enhance your career options, and lastly – events that will give you a chance to let loose!

I hope you are ready for a great year and one thing that I can guarantee – You will not forget this year because we are going to make it Legen—wait for it...
